

# Accountlink for Microsoft Dynamics™

A Complete Timesheet Solution for Microsoft Dynamics

Journeyx maximizes the value of Microsoft Dynamics by pairing it with enterprise time tracking in Journeyx Timesheet. With Accountlink for Microsoft Dynamics, companies quickly implement a complete time tracking solution using existing business data in Dynamics. Experience the business advantage of the original anytime, anywhere, time tracking solution.

In addition to the robust billing and payroll processes, dynamic reporting, and compliance assurance offered in the core Journeyx Timesheet product, Accountlink offers the following key features:

- Automatic processes guarantee consistency and accuracy of collected data
- Seamless integration with Dynamics GP, SL, AX and NAV
- Customized timesheet actions with flexible approval paths and data validation
- Bi-directional data transfer options so you can access and utilize information in the most appropriate manner for your business requirements
- Well-tested project accounting interface guarantees that data is easily accessible so your projects are always on time and under budget

The screenshot displays the Journeyx Accountlink for Microsoft Dynamics interface. The top navigation bar includes 'Sitemap', '02/28/2013', 'Go to Time Entry', and 'Logged In: Chen, John LOGOUT'. The main interface is divided into two sections. The left section is the 'Time Entry' form, showing a grid for time tracking from 02/24/2013 to 03/02/2013. The grid columns are labeled 'Sun 02/24', 'Mon 02/25', 'Tue 02/26', and 'Wed 02/27'. The rows are categorized by 'Project', 'Cost Category', and 'Pay Code'. The right section is the 'Journeyx Reporting' dashboard, which includes a table for 'Sum of Hours Feb. 2013' and a pie chart for 'TOTAL PROJECT HOURS'.

Project	Cost Category	Pay Code	Sun 02/24	Mon 02/25	Tue 02/26	Wed 02/27
